SDM Response Priority (if screened in)

Day 1 -45

Investigation Process

Safety Assessment

Informs *what* we are worried about

Risk Assessment

Informs *how* worried we should be

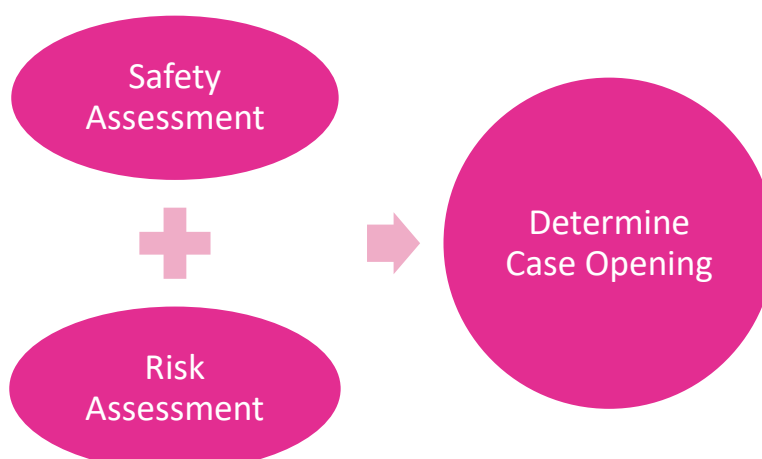

Safety Assessment (completed at first contact with family)

- Outcomes:
- **Safe** (no safety threats)
- **Safe with Services** (safety threats and protective capacities - kids stay in home with safety plan)
- **Unsafe** (kids removed from home)

Risk Assessment (completed at 30 days)

- Outcomes:
- **Low/Moderate** (close file unless unresolved safety threat)
- **High/Very High** (Open protection file)

Summary of Investigation Process with SDM:

Investigation finding to be completed within 30 days of intake and investigation record to be completed within 45 days
